SIDEWALK SNOW REMOVAL

The resident/occupant of any property abutting a public sidewalk is responsible for ice and snow removal. All ice and snow must be removed from public sidewalks within 36 hours after the ice or snow has ceased to fall. If the sidewalk is not cleared within the designated time the City will hire it done. The property owner will be charge \$50.00 each time it is necessary for the City to remove snow from the sidewalk.

DON'T GET TOWED!! *Snow Plowing Requirements*

Use off-street parking after any snowfall of 1" or more until the street has been plowed curb to curb.

If snowplows are forced to go around parked vehicles, the snow surrounding the car can create a hazard to the traveling public as well as plow operators and equipment.

Vehicles that have been parked on the street longer than twenty-four (24) hours after a snowfall event and have prohibited the complete clearing of the street are subject to towing and impounding at the owners expense.

Wipes do not degrade immediately after flushing they remain intact long enough to pass through the individual sewer lines, City sewer mains and into the City Wastewater Treatment Plant where they clog and plug pumps and equipment.
